The Joshua Piver Foundation is an organization founded by Josh's friends to honor his memory and raise funds for community causes in his name. In losing Josh on September 11, 2001, we lost a trusting, generous, kind, and loyal friend. Our goal is to keep these qualities alive through work Josh would have been proud of.

Making A Difference

The Rotary Club of the Stoningtons, a nonprofit community service organization, is proud to present the national keynote speaker and Stonington resident Dan Holdridge to present his title speech "Weapons of Mass Appreciation" in memory of fellow Stonington resident Mr. Josh Piver, who lost his life on September 11, 2001 in the World Trade Center.

About Dan Holdridge

All of us remember where we were on September 11, 2001, when our Nation's worst terrorist attack occurred. When the Pentagon was attacked on 9/11, 184 heroes—some as little as 10 feet away from Dan—were killed. Dan survived. Yet, as Dan says, "You don't have to live through a terrorist attack to learn from one." His message about "*Weapons of Mass Appreciation*" is not so much about the Pentagon attack, but the lessons learned from that experience. Feeling handpicked by God, Dan's personal mission honors the 184 by speaking to and challenging audiences to understand the value of life through gratitude, respect and appreciation of others. His story of survival and faith is a phenomenal one. Dan has written of his experiences in a soon to be released book entitled "*Weapons of Mass Appreciation*". Publishing of that book has been delayed slightly, as Michael Hauge, screenwriter for the Oscar winning movie "*A Beautiful Mind*" (starring Russell Crowe), has been engaged to develop the book with Dan for a powerful message to all readers.
